

Tuscan 4m Umbrella

These fantastic umbrellas can be easily moved and rotated "360 degrees" for shade over pools, tables, playground equipment and patio areas.

WHATS YOUR UMBRELLA MADE OF?

Your umbrella is made up of a powder coated aluminum frame with modern colors to choose from, then you have all stainless steel fittings.

Tilts up to "125 degrees" for morning and afternoon sun, and easily folds down for compact storage.

Light enough to remove from support post during winter months (49Kg).

YOUR UMBRELLAS FABRIC:
Is a marine grade quality acrylic canvas, high UV protection, waterproof and it is available in a selection of modern colours. 5 year fabric warranty against defects.
