10 August 2009

MCL Security Ltd  
PO Box 106  
Beachlands  
Auckland

**To whom this may concern**

Over the past 5 years MCL Security has been involved with the security of various redevelopment projects for Housing NZ.

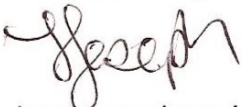

All work undertaken has been monitored to the highest standard.

The professional manner in which all security work is undertaken is reflected in the minimal issues received when MCL are monitoring redevelopment sites for HNZA.

With this I would not hesitate in recommending this company to carry out all types of Security work should you require this service.

I would like to compliment all the MCL Security staff involved with the work they have undertaken for Housing NZ and continue to look forward to working with them in the future.

Yours faithfully

Lawrence Joseph  
Project Development Manager
