Dear Malcolm

Re: Security ITTI – 111 Apirana Ave, Glen Innes

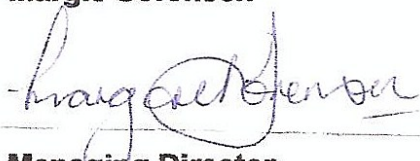

Thank you for watching over us for the past fortnight. I have appreciated your support as we manage the ownership transition, and am particularly grateful for your noticing our unlocked and un-alarmed premises last weekend.

I have re-evaluated our security requirements, and believe that as MCL are already on site, and because you have already demonstrated your vigilance, it makes great sense for us to extend our security requirements to MCL.

We would like to utilise your alarm monitoring and alarm response services. I have advised Matrix and Eastside Security that our contracts with them will expire on October 31st and that we will be commencing a contract with MCL from November 1st.

I expect that we shall need to meet to tie up the details. I am looking forward to a long and productive relationship.

Yours sincerely
Margie Sorensen
