**MCL Security Limited**

**TO WHOM IT MAY CONCERN**

MCL Security Limited have provided the 24/7 security services for LicenSys NZ for over 20 years.

Security is a critical part of our business and the service and reliability provided by MCL Security over these years has been excellent.

Any security issues at our Auckland site have always been addressed by Malcolm Little and his Team in a professional manner. From time to time we have requested additional security personnel and these resources have always been available from MCL Security at short notice.

I am happy to recommend MCL Security and if you have any questions please do not hesitate to contact myself.

Yours Faithfully

Darryl Hollands  
NZ Business Manager
