

sugar cube Making serious decisions about buying home appliances is so much easier with an amazing cup of coffee and good food from Sugar Cube located in the centre of the Harvey Norman building on Rutherford Street.

Rajeev Kumar and Elizabeth Fidow have concentrated on fresh food, great Revive coffee and an enthusiasm to serve the needs of customers.

Staff from retail outlets in the building are regulars at Sugar Cube and customers visiting the stores make a point of taking time out to discuss their plans for a new bedroom suite, kitchen fitout, or

an investment in a new television or computer system over a Sugar Cube coffee.

Rajeev says he enjoys the wide variety of customers and provides daily specials to entice newcomers to the building and keep the menu fresh and exciting for regulars within the building.

Sugar Cube also serves the northern end of the Central Business District and attracts customers from the businesses surrounding the Harvey Norman building.

This is a growing part of the Sugar Cube business which is being encouraged by Rajeev & Elizabeth. Sugar Cube is ultra-modern with the best equipment and is located in the heart of the walk through area with comfortable tables and chairs located in the open space between the retail outlets.

There is ample parking below making a stop off at Sugar Cube a convenient decision with easy escalator access and the added bonus of being able to browse in the surrounding retail stores.
