Re: Barfoot & Thompson Endorsement

To whom it may concern,

The passion and heartfelt support from the team at Barfoot & Thompson has helped Starship provide world-class service and purchase life saving equipment to help many thousands of children over the years.

Our partnership with Barfoot & Thompson is one of Starship's most enduring and successful relationships due in no small part to the enthusiasm of people like Tim Roskrug, his colleagues and friends who work hard to raise funds in fun and innovative ways.

Starship Foundation wholeheartedly endorses Tim and the Barfoot & Thompson community in their fundraising efforts and I urge you to lend your support to their hard work on behalf of Starship Hospital, our centre of excellence for children's healthcare in New Zealand.

Thank you for your help!

Warm regards

Brad
