**Re: Peter Bartfai – Floor Sanding**

We are happy to write a letter confirming our satisfaction with Peter's work at our house in Westmere.

Peter has been involved with our renovations over the last few months and has done an excellent job in sanding and polishing our floors. Our house is a 1920s bungalow and certain of the floor area was covered in tiles which had been ripped-up.

Peter was able to efficiently sand the floors where the tiles had been (even though there was residue adhesive and other material which the floor sander our builder had been going to use said would not be able to be successfully sanded and polished) to leave a clean and clear surface ready for the polishing process. We have found Peter very good to deal with and he has been very good with communication and flexibility in assisting with our timing in getting our renovations done.

We would definitely (and have already) recommend Peter's work and are very happy with the results. We have had 90% of the house successfully sanded and polished and the results are exactly what we're after. The compliments on the floors we have received speak for themselves.

To whom this may concern,

I am happy to write a reference for *PETER BARTFAI* the floor sander to sand and polyurethane the kauri floors at 145 Land Scape road Mt Eden . Peter was a pleasure to work with and was very helpfull. Although the job was not a big job it had a degree of difficulty to it being a 1950 's home . Peter did well sanding the floor as there was the original flooring and new flooring to sand. Just by talking to Peter about the job before he started I new Peter had a good knowledge of his trade. I would have no problems in hiring Peter again .

If you have any questions please call me [01202714719].

REGARDS

CARL GRIFFITHS

To Whom It May Concern

Peter Bartfai has provided services to SkyCity Auckland whilst working as a Licensed Applicator for NZ Floorsanding Co. He has carried out sanding and resurfacing of timber flooring in Our SkyTower and Grand Hotel over the past year. The work has included quoting for the work.

We have found his work of a high standard and he has been prompt in providing quotes and carrying out the work. Because of the 24 hour nature of our business Peter has had to fit in his work hours to suit.

Peter has also helped out with coming up with a solution to a flooring finish which falls outside what he normally does.

To Whom It May Concern

**RE; PETER BARTFAI: PROFESSIONAL REFERENCE**

Peter has refinished floors for me in two different locations. One timber and one concrete.

On both occasions he did an excellent job and completed the work on schedule.

I would not hesitate to recommend Peter to anyone planning to sand or refinish flooring.

Yours sincerely

To Whom it may concern,

Peter Bartfai has completed a complete renovation of my floor at Piha. The original floor was particle board with a variety of coverings including carpet, ceramic tile and vinyl. Peter has sanded the floors, sealed and coated them with a "blockout" white polyurethane.

Peter has done a beautiful job. I am extremely happy with every aspect of his work and would recommend him without reservation to others.

Please don't hesitate to contact me should you require a verbal reference.

Sincerely

Sherry Roberts
