

# MIGUN

## MEANS BEAUTIFUL HEALTH

Migun is dedicated to the concept of improving your health through the combined principles of Eastern and Western medical techniques, products and technology. It is a global phenomenon, in 39 countries and used by around 28 million people worldwide.

We believe the body is amazing in its abilities to heal itself, but sometimes it needs a little help. We work to improve the overall wellness of the persons whole body, and to restore the proper balance so it may function properly.

The Migun Thermal Massage System incorporates five top Eastern medical techniques combined with western technological advancements. This is all rolled into a state of the art massage table encompassing Acupuncture, Acupressure, Chiropractic inspired movement, heat therapy and Massage. It also uses Far-Infrared light to stimulate at the cellular level, to promote proper function and increase metabolism.

We include hands on therapies in our available treatments. Swedish and Chinese style massage techniques as well as reflexology can all be used to tailor a therapeutic massage to suit each customers needs.
